*Be the Difference Foundation, formed by four ovarian cancer survivors, is dedicated to raising awareness and money to fund programs for women fighting ovarian cancer today and to provide research dollars for a cure.

Over 14,000 women will die from ovarian cancer this year. If detected early, 90% could survive. Your help in raising awareness and money will impact lives and bring us closer to changing the statistics of ovarian cancer.

We thank you Sew Much Fun for BEING THE DIFFERENCE!

Each of us can be the *difference*.
Together we can make a *change*.
