

Camp Runway

2022

I made it
MYSELF!

June 13-June 17

Life is What You Bake It!

Cooking and baking are great fun in the summer when you have the time. Let's get you ready to spend time in the kitchen. We'll make aprons (also great Father's Day present), microwave potholders, reusable sandwich bags, reversible placemats, oven mitts, etc.

June 20-June 24

Time for the Sun!

A girl must have all the right things for a day at the beach. Cover ups, bucket hats bags, chair mat with pockets, Twister game mat, noodle float chair and more. Now you're ready for a day of big time fun!

July 11-July 15

In-Jean-ious

Check out what you can do with some old jeans. Join us for some upcycling fun as we turn jeans into skirts, shirts, totes, purses, and more. Bring in your ripped jeans and learn decorative visible mending, reverse appliques, and other cool ways to embellish.

July 18-July 22

Sleepover Stuff

Summertime is perfect for sleepovers with friends. Fancy up your bedroom with desk & bedside organizers, cute pillows, or make matching PJ's, sleep mask fun pillowcases and overnight bags to name a few.

Sewing is a **life skill** you can use your entire life. Learning how to **sew** is a “hands-on” and “learn by doing” experience. Besides the skill it also teaches patience, improves concentration, focusing and self-confidence. Sewing is a rewarding experience and increases self-esteem through sharing accomplishments with friends and loved ones.
